WORK EXPERIENCE

[10/2024 – Current]

Frontend Developer

CB INT Digital

City: Prishtina | **Country:** Kosovo

- Collaborated with cross-functional teams to design and implement new features for the company's product, enhancing user experience and functionality.
- Conducted thorough code reviews for fellow co-workers' pull requests, ensuring high-quality code and adherence to coding standards, resulting in a streamlined development process and improved codebase.
- Developed and maintained front-end components using React, Next, React Native, and Typescript, contributing to the company's front-end architecture and UI consistency.
- Utilized Redux, Zustand and react-query for state management and data fetching, ensuring efficient and scalable application performance.
- Implemented GraphQL and Apollo GraphQL to create robust and flexible data queries, enhancing the product's data handling capabilities.
- Lead a small group of developers learning core infrastructure, leadership, developer and managerial skills.
- Actively contributed to the enhancement of the team's coding standards, best practices, and development processes, fostering a culture of continuous improvement and knowledge sharing.

Technologies used: React, Next, React Native, Typescript, Redux, Zustand, react-query, CMS, GraphQL, Apollo GraphQL, Jira, Github, Microsoft Teams.

[10/2023 – 11/2024]

Software Engineer

Incodeks

City: Prishtina | **Country:** Kosovo

[01/2023 – 10/2023]

Software Developer

Attributy

City: Prishtina | **Country:** Kosovo

- Collaborated with cross-functional teams to design and implement new features for the company's product, enhancing user experience and functionality.
- Conducted thorough code reviews for fellow co-workers pull requests, ensuring high-quality code and adherence to coding standards, resulting in a streamlined development process and improved codebase.
- Developed and maintained front-end components using modern technologies mentioned above, contributing to the company's front-end architecture and UI consistency.
- Actively contributed to the enhancement of the team's coding standards, best practices, and development processes, fostering a culture of continuous improvement and knowledge sharing.
- Occasional creation of RESTful APIs using Node.js, contributing to the expansion of data management capabilities for the company's product.

Technologies used: Reactjs, Nextjs, NodeJs, Typescript, ChakraUI, Tailwind, AntDesign, Recharts, Jira, Github.

[01/2022 – 12/2022]

Full Stack Developer

E-Solution

City: Prishtina | **Country:** Kosovo

- Proficiently designed, developed, and maintained web and mobile applications using React, React-Native, Node.js, and Express.js.
- Leveraged React-Native to build cross-platform mobile apps, ensuring consistent user experiences on Android platforms.
- Created responsive and user-friendly front-end interfaces with React, delivering highly interactive and visually appealing user interfaces.
- Developed robust server-side solutions using Node.js and Express.js, implementing RESTful APIs and handling data management, authentication, and server logic.
- Improved application performance by identifying and addressing bottlenecks, optimizing code, and implementing best practices.
- Collaborated with designers to implement UI/UX improvements, ensuring a delightful and user-centric experience for application users.

Technologies used: Reactjs, React-Native, NodeJs, Express.js, Jira, Github.
